

SB-2

MELODY "For Elise" OF BETHOVEN.

With the SB-2 module you could listen melody "for Elise" from Bethoven
 It is supplied by 3 V. D.C. (2 x 1,5 batteries or 3 V. D.C. power supply). A loudspeaker is incorporated to offer

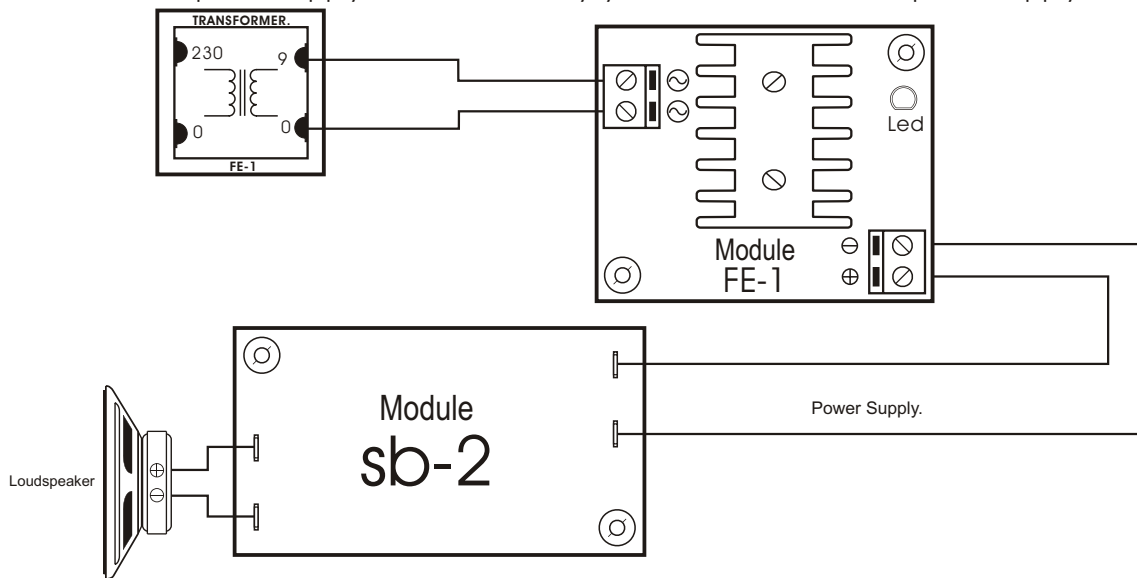

TECHNICAL CHARACTERISTICS.

Operating Voltage	3 V. D.C. (from 3 up to 5).
Medium Consumption	40 mA.
Output Power	80mW.
Output Impedance	8 Ohms.
Protection Against Polarity Inversions	Yes.
Power supply Recommended	FE-1.

WIRING MAP.

Please do as following to obtain the best operating. Install the circuit into a plastic box, if its possible including battery compartment as well as grill for loudspeaker. Consult your distributor which could offer a wide range of enclosures.

Do not substitute the supplied loudspeaker by an other one to avoid to damage the circuit.
 If you wish to use a power supply instead of battery, you had to use a 3 VDC power supply.

VERIFICATION OF THE CIRCUIT.

As soon as you will connect the Power Supply the module in a cyclic mode generate the programmed melody till you disconnect the power supply.

If you wish to start the melody from the beginning you had to disconnect the power supply during 2 sec. then the module will start from the first note.
